

ENVIRONMENTAL POLICY STATEMENT

Pyramid Builders Limited (“Pyramid”) is a responsible company committed to the environment with the principal objective of continual environmental improvement. It will seek to conduct its activities in a manner that will minimise environmental harm, and where possible prevent any polluting activities by implementing the structured environmental procedures set out in the Company’s Health, Safety & Environmental Management Plans.

Pyramid recognises that the achievement of this policy together with the provision of a level of quality and service to clients, employees and the wider community will require commitment from all parties working in partnership. To this extent we put great emphasis on working together with all parties to understand the overall economic, social and environmental priorities for our clients and the project policies that they intend to implement.

Pyramid acknowledges that all employees and contractors have a duty to care for the environment and must exercise these duties to minimise the impact on the environment. To ensure that this duty of care is upheld in every possible regard, we shall ensure that this policy and the accompanying procedures are communicated to, and made available to staff at all times.

Pyramid, in meeting the objectives of this policy, will:

- Comply with relevant legislation, regulation and government guidance and where possible, the applicable industry codes of practice on environmental issues;
- Use our resources efficiently by minimising waste, conserving energy and water and minimising dust and noise pollution;
- Seek to use the most environmentally friendly materials where a choice exists;
- Provide relevant information and training to all staff and involve employees, clients and suppliers in the pursuit of our policy implementation;
- Implement a waste management policy which seeks to reduce, reuse and recycle where possible;
- Pursue a systematic, planned approach to the identification of environmental aspects affecting our businesses, assessing associated risks and controlling the significant risks through the application of the Company’s Health, Safety & Environmental Management Plans;
- Monitor and regularly review our environmental performance against objectives and targets set out in Management Review Meetings

The overall implementation of the company policy is the responsibility of Liam Clear. This responsibility may be delegated, for the purposes of day to day implementation of matters relating to the Environment.

Signed

.....
Liam Clear, Managing Director
